

Energy Change with E-Cat Technology

Revolutionary environment friendly energy systems

Congress from Saturday, September 8th, till Sunday September 9th 2012

Technopark Zurich, Technoparkstr. 1, CH 8005 Zurich, Auditorium
<http://www.technopark.ch/start.cfm?p=90&s=0>

Organisation:

TransAltec Inc., E-Cat Germany and E-Cat Switzerland

Saturday, September 8th, 2012

- 2.00 pm **Welcome address and Overview**
Adolf and Inge Schneider, TransAltec Inc., Zurich/CH
- 2.15 pm **E-Cat Technology for Industrial and Home Applications**
The alternative way to a sustainable and pollution free Energy
Adolf Schneider, Dipl.-Ing., CEO/POB TransAltec Inc., Zurich/CH
- 3.15 pm **Theory and Practice of Cold Fusion**
Energy conversion via Weak Interaction processes
Dr. sc.nat. Hans Weber, Dipl.-Physicist, London/GB and Zug/CH
- 4.30 pm Coffee Break
- 5.00 pm **Profitability of 1-MW E-Cat Plants for Heat Generating**
Central heating for small residential complexes, hotels, enterprises, supermarkets e.g.
Hartmut Dobler, CEO Dobler Heiztechnik, Weinstadt/GE
- 5.45 pmr **Advantages of 1-MW-E-Cat-Plants for Process Heat Generation**
Application Possibilities of E-Cat plants for big and small sized industrial units
Klaus Rauber, Dipl.-Ing., Zell a.H./GE
- 6.30 pm Dinner break
- 8.00 pm **Development and Future Aspects of E-Cat Technology**
Overview to the environmental friendly Nickel-Hydrogen technology
Andrea Rossi, CEO Leonardo Corporation Inc., Miami/USA and Bologna/IT

Sunday, September 9th, 2012

- 10.00 am **Strategies and Concepts of Licensees in Europe**
Web presentation and introduction of E-Cat in the markets of Scandinavia
Magnus Holm, CEO Hydrofusion, Great Britain and Sveden

Chances for new energy technologies in Italy and Austria
Aldo Proia, Direttore commerciale di Prometeon srl, Bologna/IT (requested)

Potential markets in Germany, Switzerland and Liechtenstein
Adolf Schneider, Dipl.-Ing. TransAltec Inc./Vetropa Inc., CH/LI, and others
- 12.00 am Lunch Break
- 2.00 am **Innovative Concepts for the Conversion of Heat into Electricity**
High efficient method for electrical power production via low temperature heat with demo
Dr. sc.nat. Hans Weber, London/GB and Zug/CH
- 3.00 am **Alternative Primary Energy Ressources for Heat and Electrical Power**
Forecasts to the development of the energy markets with cold fusion technologies
Dr.rer.oec. Daniel Kellenberger, QM systems, Nürendorf/CH and Berlin/GE
- 4.00 am Coffee Break
- 4.30 am **Panel Discussion with Andrea Rossi and other Speakers**
Moderation: Dr.rer.oec. Daniel Kellenberger
- 5.30 am **Closing Adress**

Registration and Congress Organisation

TransAltec Inc.
POB 1111, CH 8032 Zurich,
info@transaltec.ch, www.transaltec.ch
Phone +41 44 252 7734, Fax +41 44 252 77 36

Information to Registration Conditions

see: www.borderlands.de Section „Terminkalender“

Information to Hotels:

http://www.technopark.ch/pdf/Hotelliste_2012.pdf (Prices in SFr.)

Place of Event:

Technopark Zurich, Technoparkstr. 1, CH 8005 Zurich, Auditorium

Situation: http://www.technopark.ch/pdf/TPZ_situationsplan_e_2011.pdf

Parking Pfingstweid, Parking P West: http://www.pls-zh.ch/geb_3.jsp?gebid=3

Phone +41 44 445 10 00 Fax +41 44 445 10 01

info@technopark.ch, <http://www.technopark.ch/start.cfm?lc=1>

Registration with Talon via E-Mail, Fax, surface/air mail

see following page

Talon with Prices

Please complete the form and send it via surface/air mail or fax or as scanned file to:

TransAltec Inc.
